

# URGENT APPEAL!

Don't throw them away!  
Throw them our way!!

People across the UK who have experienced the trauma of losing a limb are now having to wait for months at a time for a wheelchair which can leave them feeling even more isolated and alone.

Limbcare recycling will take any wheelchair even if it has been broken down. We can also take any other walking aids and artificial limbs you may have.

**WE CAN COLLECT!**
